Yellow Rooms Summer Workshop

Yellow Rooms were packed with activities that foster creativity, well-being and expression.

With hands-on craft projects, they let children's imaginations soar, getting their hands dirty with colours and creating beautiful art.

The activities were packed with opportunities that foster creativity and expression. Through interactive *expression learning*, children learned fun ways to *communicate and express* their emotions.

Children mastered the art of expressing their opinions with vibrant *storytelling* and lively performances. Children conducted *Nukkad Natak* on *Gender Equality* in their communities where they creatively expressed themselves.

Even the Sarthak team indulged in the summer fun, engaging in various activities to foster connection, creativity, and bonding. It was a memorable experience for everyone involved.

Mug Painting

Everyone painted their cups with their most cherished emotions.

T-Shirt Painting

In celebration of unity and camaraderie, each team member painted a t-shirt for a teammate. The vibrant, designs were crafted with care, leaving us with tangible reminders of the support that defines our Sarthak team.

Theatre

Team stepped into the shoes of beloved characters and brought their own emotions and ideas, leading to surprising reinterpretations.

Pot Painting

There is no escape from our colourful Sarthak culture even our animal feeding pots are vibrant and full of life!

Beading and Band making

Everyone made creative bands that express our belief in our core values. Our values that we want to carry with us in any form and any shape!

Round Table India has enabled us to add more classrooms and additional washrooms, greatly enhancing the learning environment. This expansion represents a brighter future and better opportunities for children in villages.

We are immensely grateful to the entire Round Table India team for their commitment to improving education and well-being in our community.

Gurukul Summer Workshop

"The children had an unforgettable summer, filled with joy, learning, and endless discovery."

The children were thrilled about the summer workshop in their village! It's a fantastic chance for them to learn, explore, and create unforgettable memories this summer.

The range of experiences, from painting to crafting to writing, provided them with a diverse spectrum of learning opportunities.

Sarthak Gurukul is a one-of-a-kind school in rural India, dedicated to providing children with a transformative educational experience.

Gurukul prioritise holistic development, nurturing along with academic excellence.

The summer workshop is instrumental in unfolding creativity, character, and critical thinking skills in children.

Yellow SLATEs

We took our Yellow Rooms model into the government school system of Uttar Pradesh. We call this project - Yellow SLATEs. Yellow SLATEs uses the medium of theatre and digital learning to improve upon children's foundational literacy and numeracy, while also imparting good moral values and improving their cultural awareness.

We have come up with a custom curriculum called Naitik Shiksha that uses stories from Indian sources such as Jaatak Kathaein, Panchatantra, Hitopadesh and Amar Chitrakatha. We deliver this using the medium of theatre and storytelling.
