Visit to Uplift Brindavan Farms

in3corp visits Yellow Rooms

At TMM with Bunge-Viterra

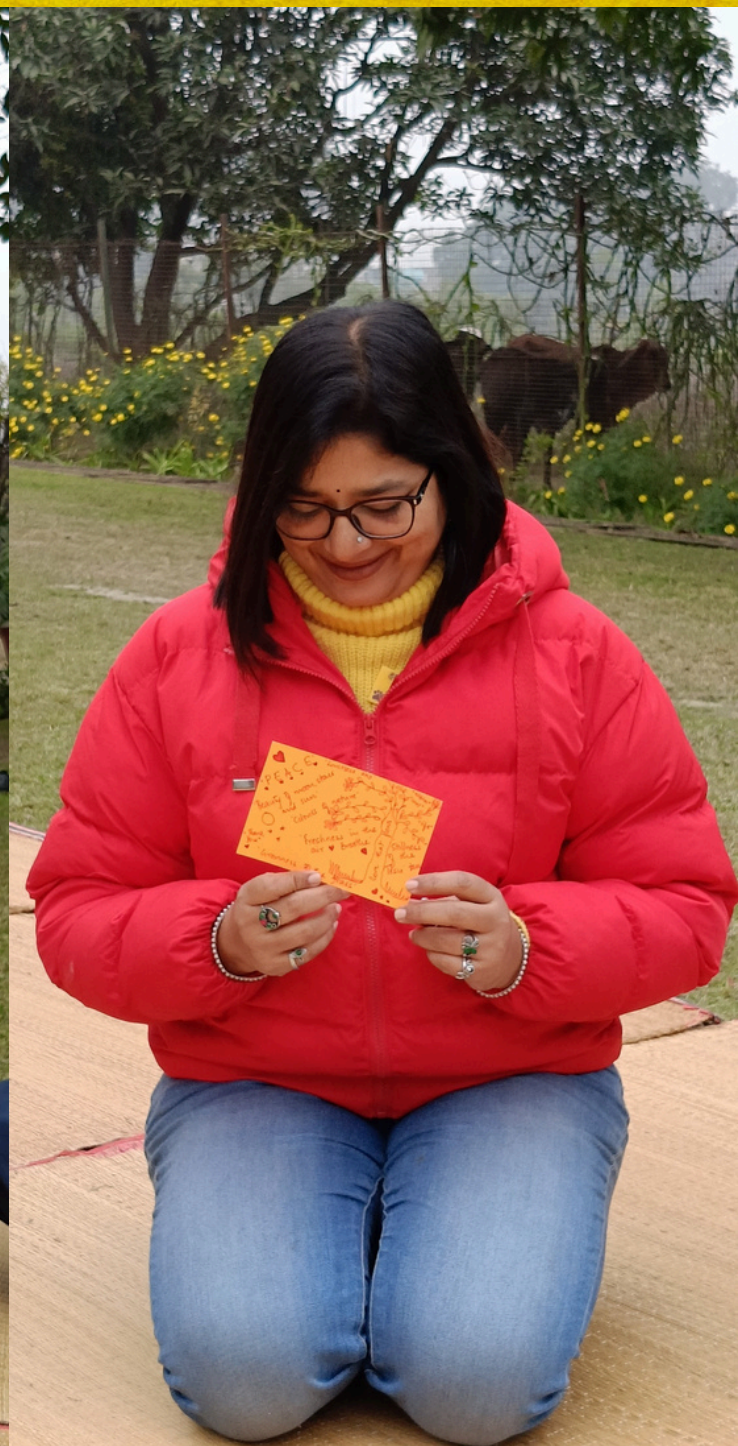

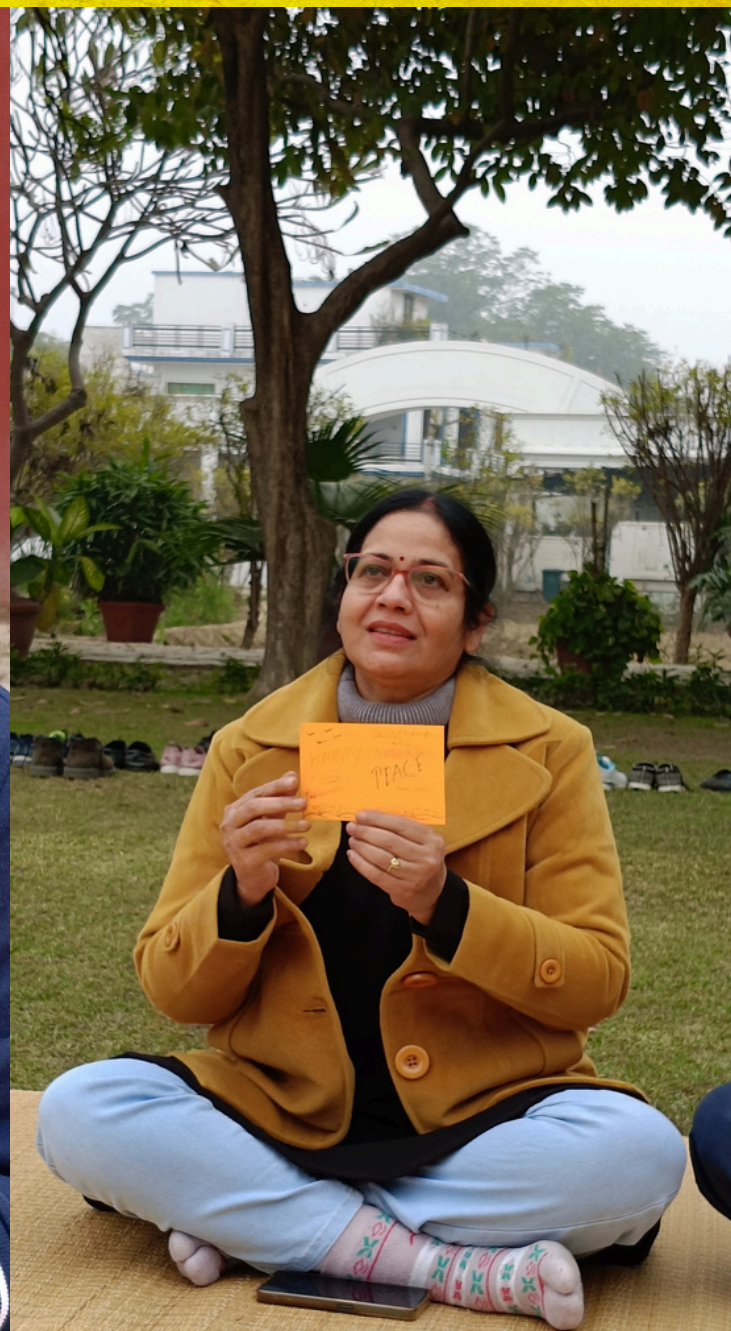

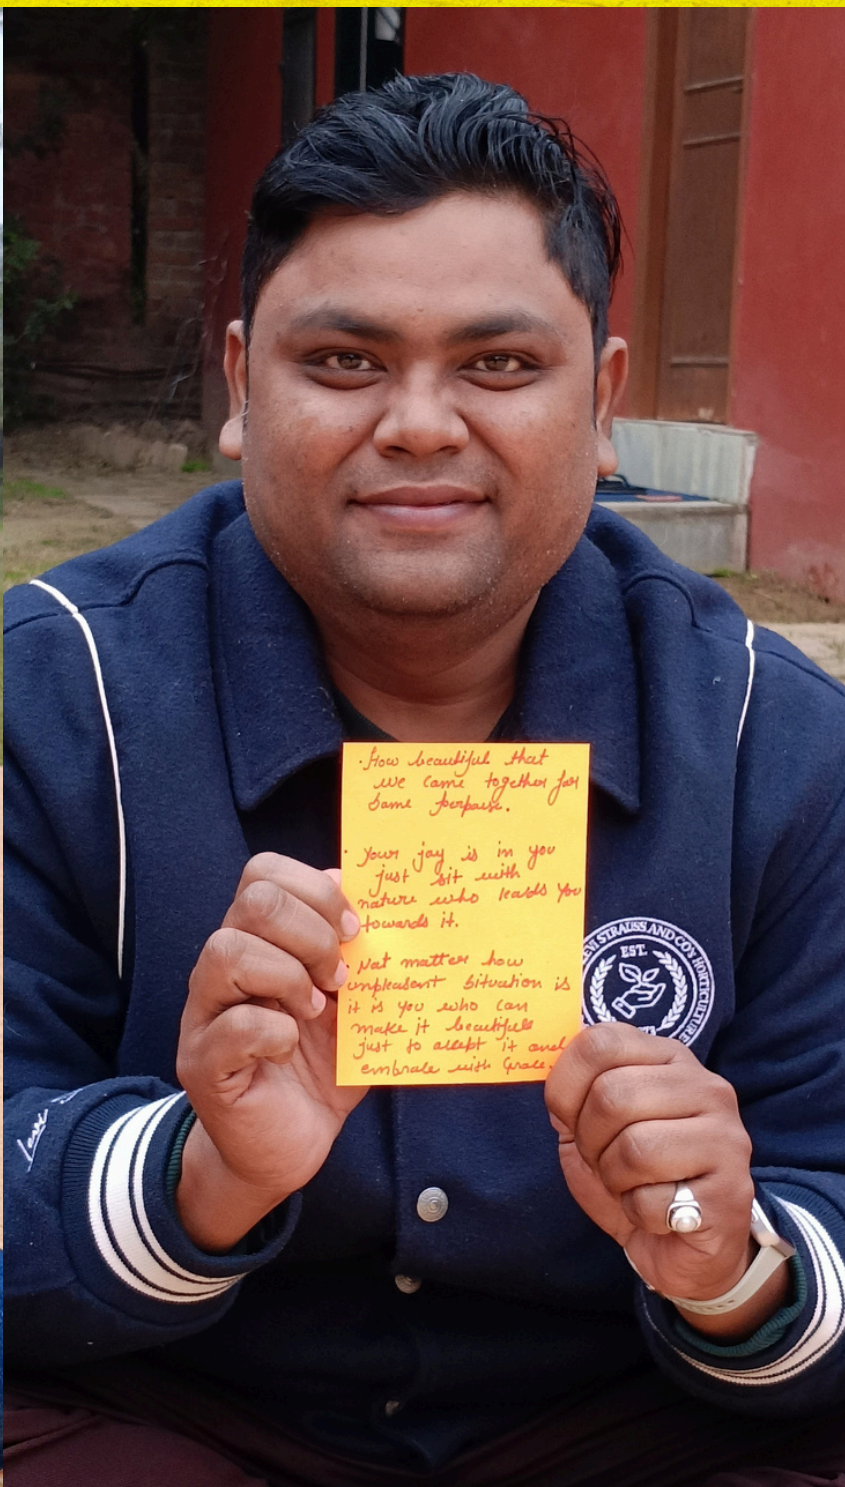

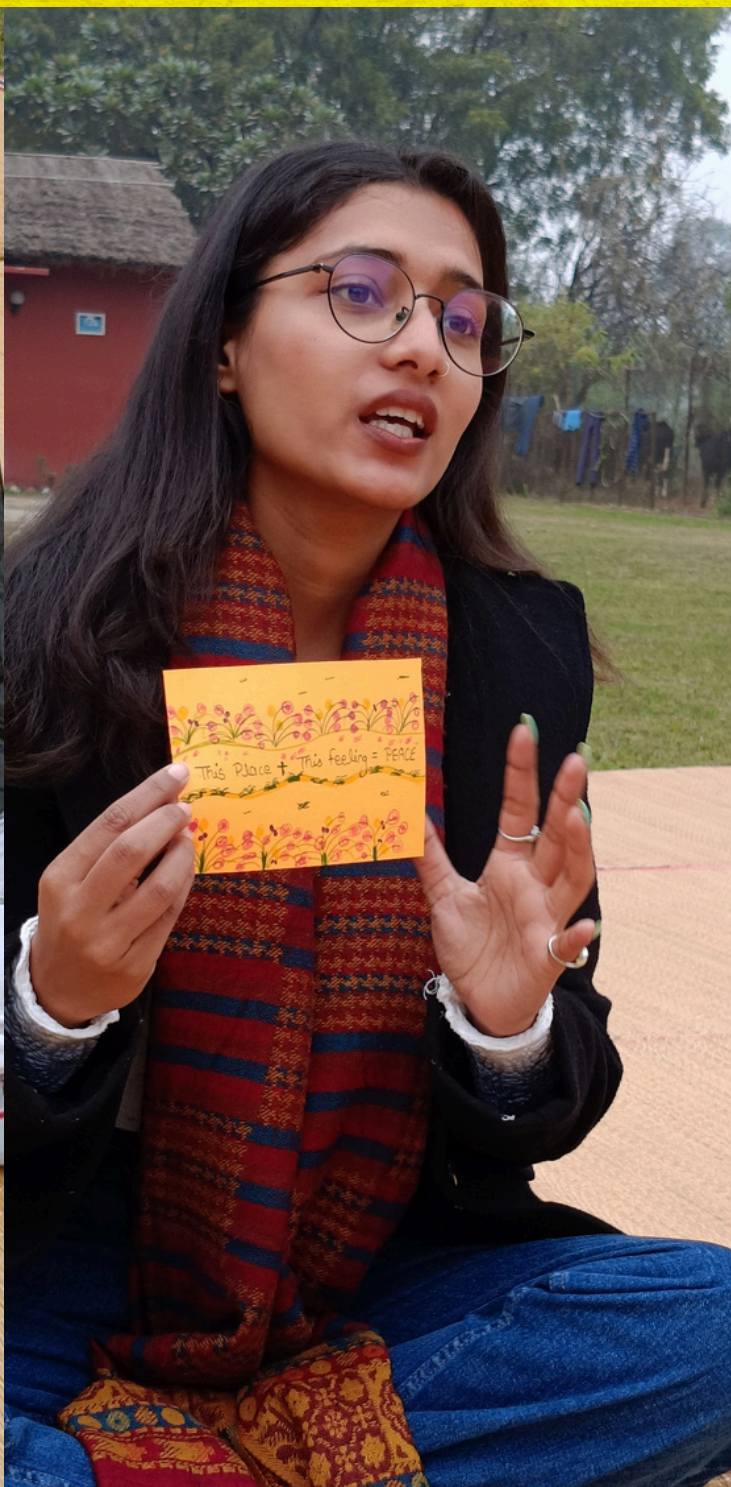

**This year begins with deeply meaningful visits, bringing us
closer to our warm extended Yellow Rooms family.**

The 29-day Peace Immersion with UPLIFT concluded in January at our beloved Brindavan Farms, where the entire team gathered to share deep reflections, a stronger bond with nature and moments that will stay with us long after the journey ended.

Peace Immersion with UPLIFT

We meditated, reflected, and wrote down our thoughts. In that beautiful, serene energy of Brindavan Farms, everyone opened up and shared their most honest reflections. It was, in every sense, a deeply profound and enriching experience.

January begins with a meaningful visit to Mumbai, starting with the energy of the Tata Mumbai Marathon and the joy of joining our beloved, steadfast supporter, Bunge **VITERRA**.

TMM with Bunge Viterra team

Bunge-Viterra team ran for Sarthak at the Tata Mumbai Marathon.

We are deeply grateful for the love, energy, and encouragement they brought to Sarthak. The run was powerful and as we came together afterwards, sharing reflections and standing united, it became a beautiful affirmation of a shared vision.

Another heartfelt meeting unfolded with the in3corp team as Nick Brown and Natalia Jezierska and their team from Lucknow visited the Sarthak family. Miguel Zavala, founder of in3corp and a core pillar of this journey, has consistently supported our Yellow Rooms and continues to show unwavering faith in our cause.

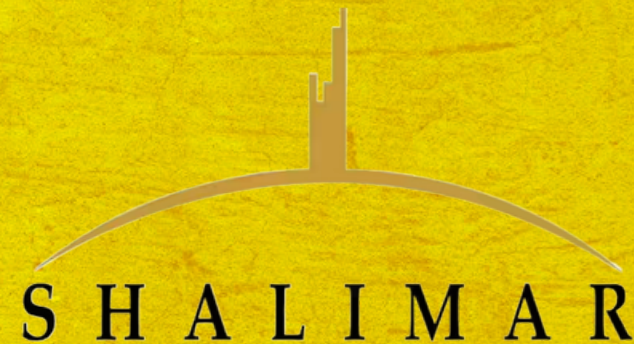

in3corp visit

in3corp has always been involved with us in the most meaningful ways, not just as partners, but as family. During their visit, they spent time with the youngest children, talking about favourite colours, sharing laughter, and gently overcoming language barriers to connect in the most earnest way.

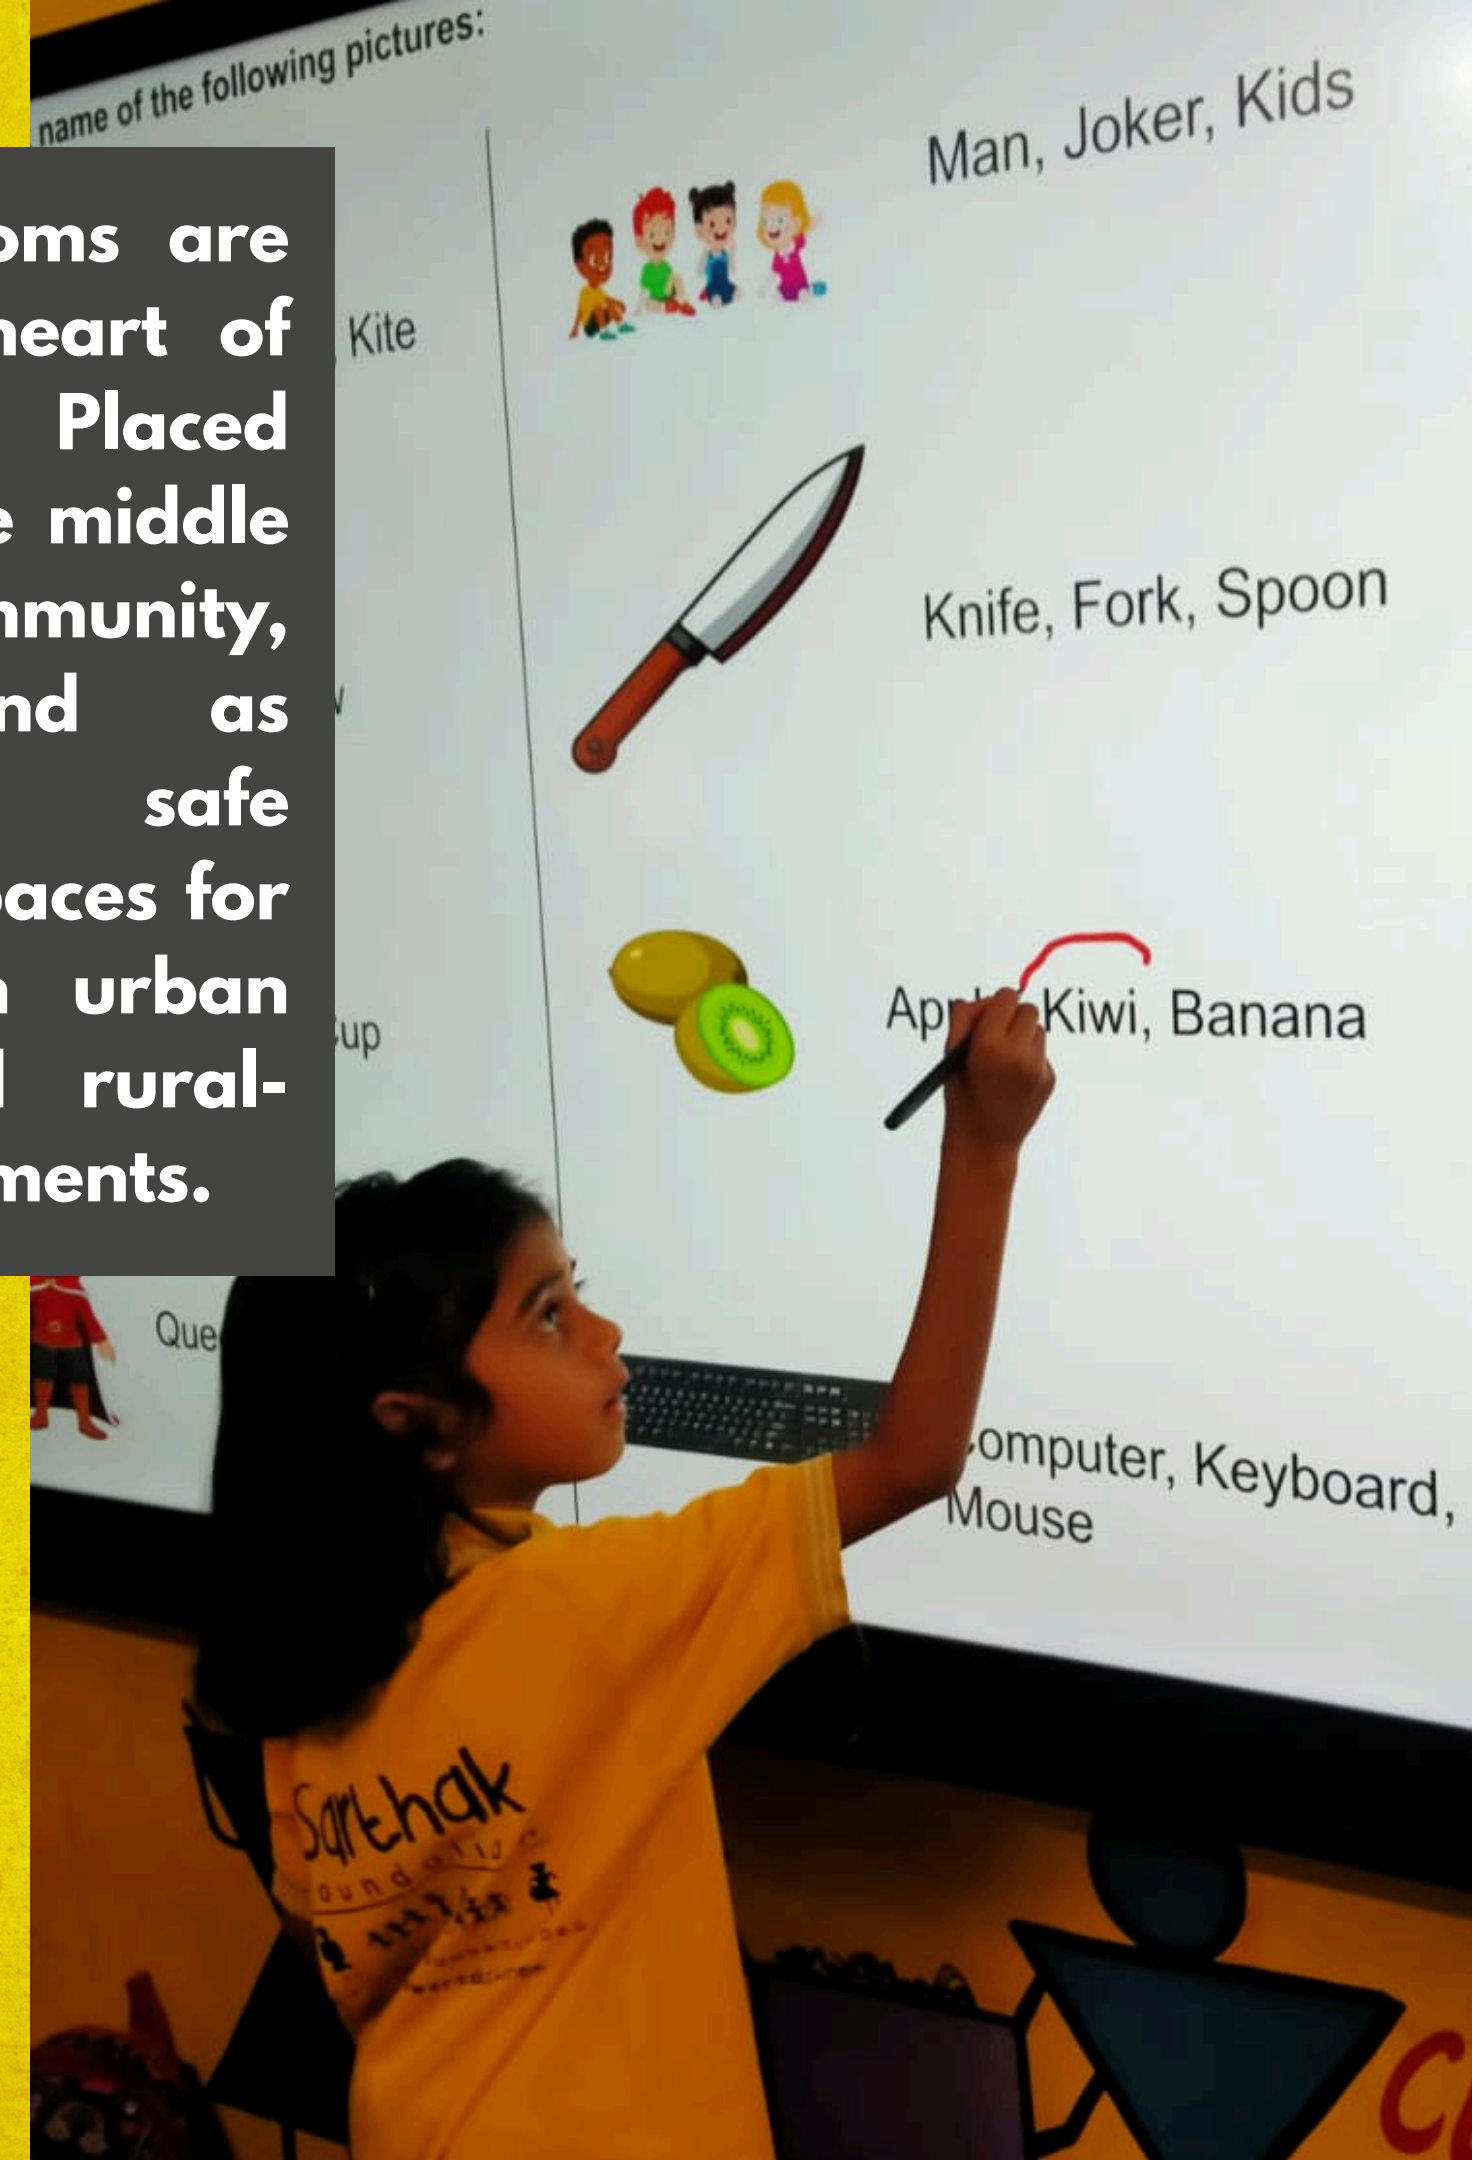

We have been surrounded by benevolent, steadfast supporters who truly care and firmly believe in the cause. We can never thank them enough.

This year, Yellow Rooms are facing a funding gap that needs bridge support.

Since Yellow Rooms never shut down we urgently need some gap funding to keep them running. Any contribution or connects will be a big help.

Yellow Rooms are the very heart of our work. Placed right in the middle of the community, they stand as permanent safe learning spaces for children in urban slums and rural-poor settlements.
