And the community says.....

"All my five children go to Sarthak and have been part of the Yellow Rooms for the last eight years. They now speak well, our girls doing very well in studies."

Parents of Pooja and Aarti Nishad:

Aarti Nishad, a Class XII student at HCL Vidyagyan, has secured a seat at Azim Premji University for her graduation. Her sister, Pooja Nishad, is pursuing her graduation from Amity University Lucknow.

Prince has been studying at Yellow Rooms from the very beginning. Over the past eight years, he started his journey here and is now pursuing engineering in Lucknow. Sarthak has supported him in many ways. We are very happy.

-Mother of Prince

Contd.

Farheen has been going to **Yellow Rooms from a very young age**. Earlier, she was very hesitant to even step out of the house, but after joining Yellow Rooms, things slowly started changing.

She later moved to **Rajasthan to pursue engineering** through Sarthak. In the beginning, her father would go to bring her back home, but after some time, she started travelling on her own and became more confident.

Now she is **working in Mumbai**. She speaks good English and has become **independent**. She often encourages others at home to study as well. If she had not joined Yellow Rooms through Sarthak, she might not have been able to step out into the outside world, just like me.

-Farheen's mother

Farheen entered Yellow Rooms in 2013 as a young Class 4 student. Since then, she has journeyed with us, completing school, earning her degree in Electronics and Communication Engineering, and now achieving a beautiful milestone by securing a job at Galaxy Office Automation Pvt. Ltd..

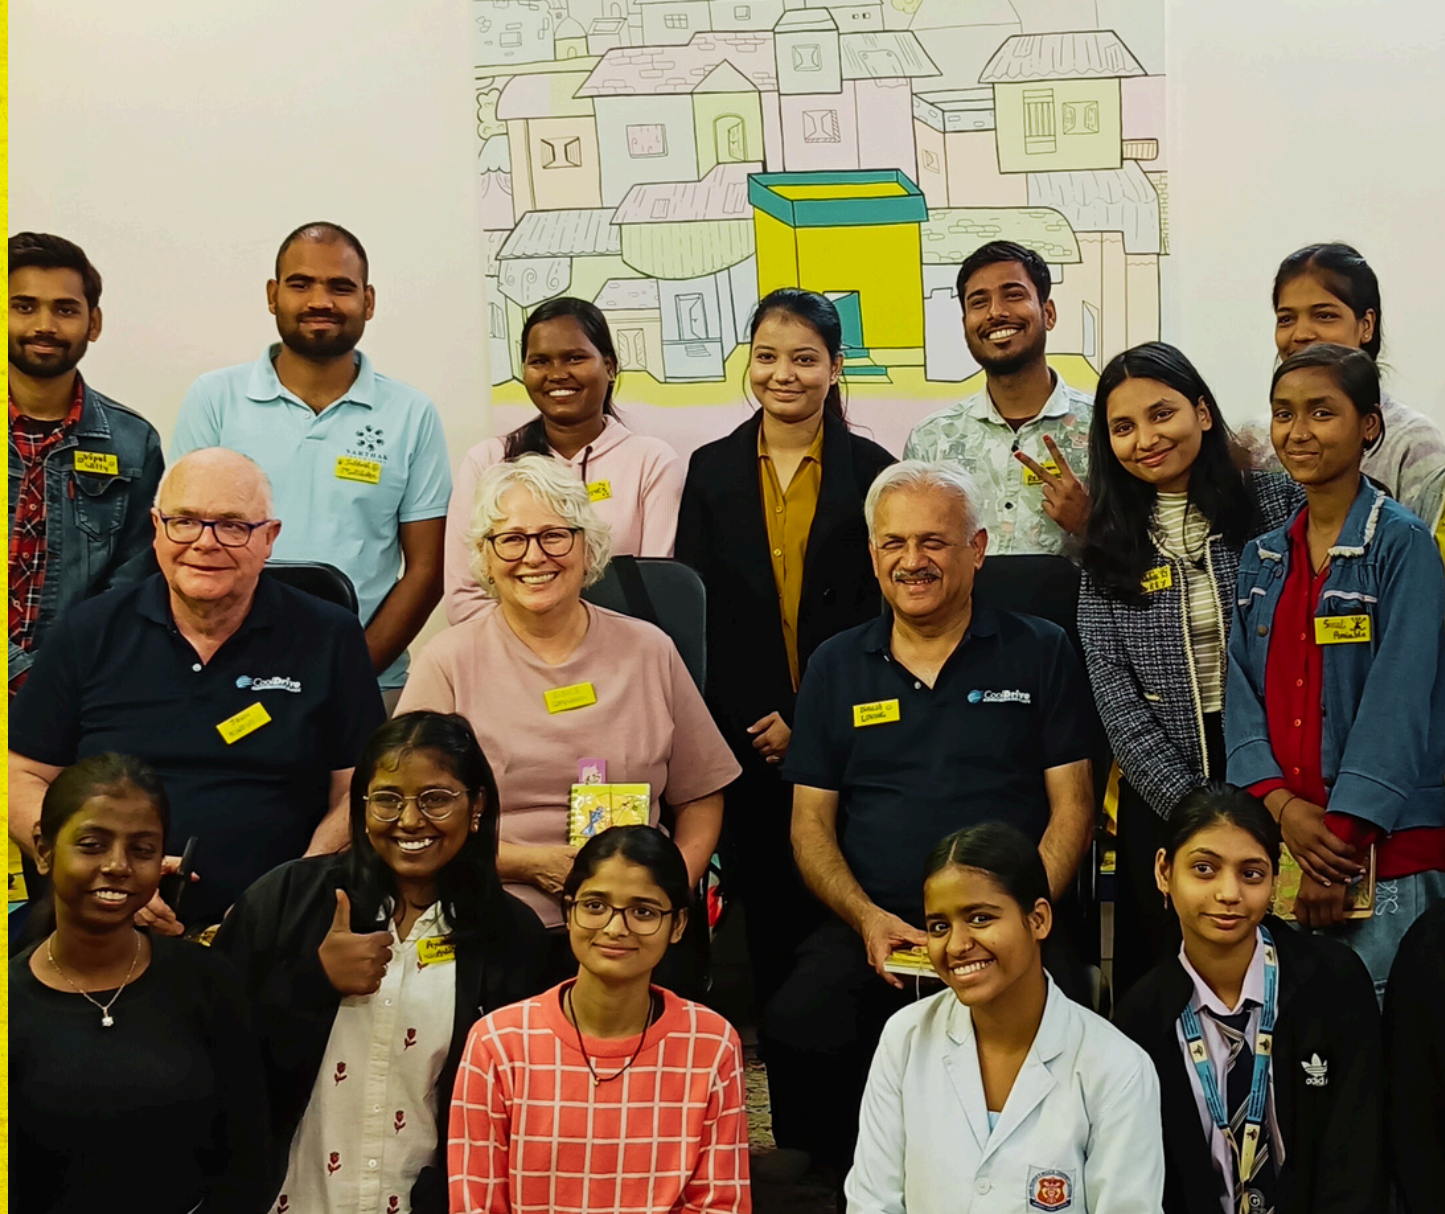

This success is a living testament to those who believed in the Yellow Rooms. Every job secured and every life changed is a direct result of the faith our supporters have placed in these children.

Sharing a small snippet from a heartwarming visit by one of our supporters' families from Australia.

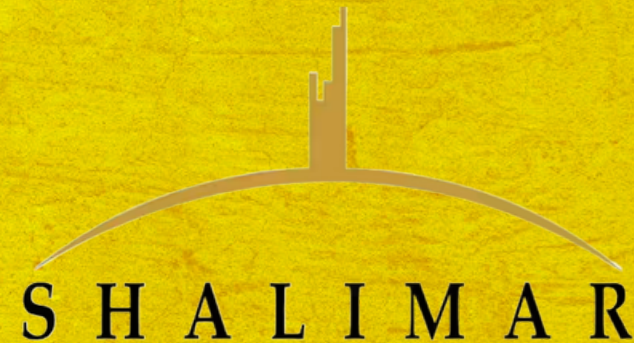

Our beautiful guests from Australia, Mr. John Blanchard, Ms. Eunice, and Mr. Dinesh Chopra, brother of our long-standing and deeply cherished supporter, Mr. Kiron Chopra.

They interacted with the Empower Yellow Rooms batch, especially our girls, who spoke confidently about their dreams and aspirations and visited the heart of Sarthak-our Yellow Rooms.

We have been surrounded by benevolent, steadfast supporters who truly care and firmly believe in the cause. We can never thank them enough.

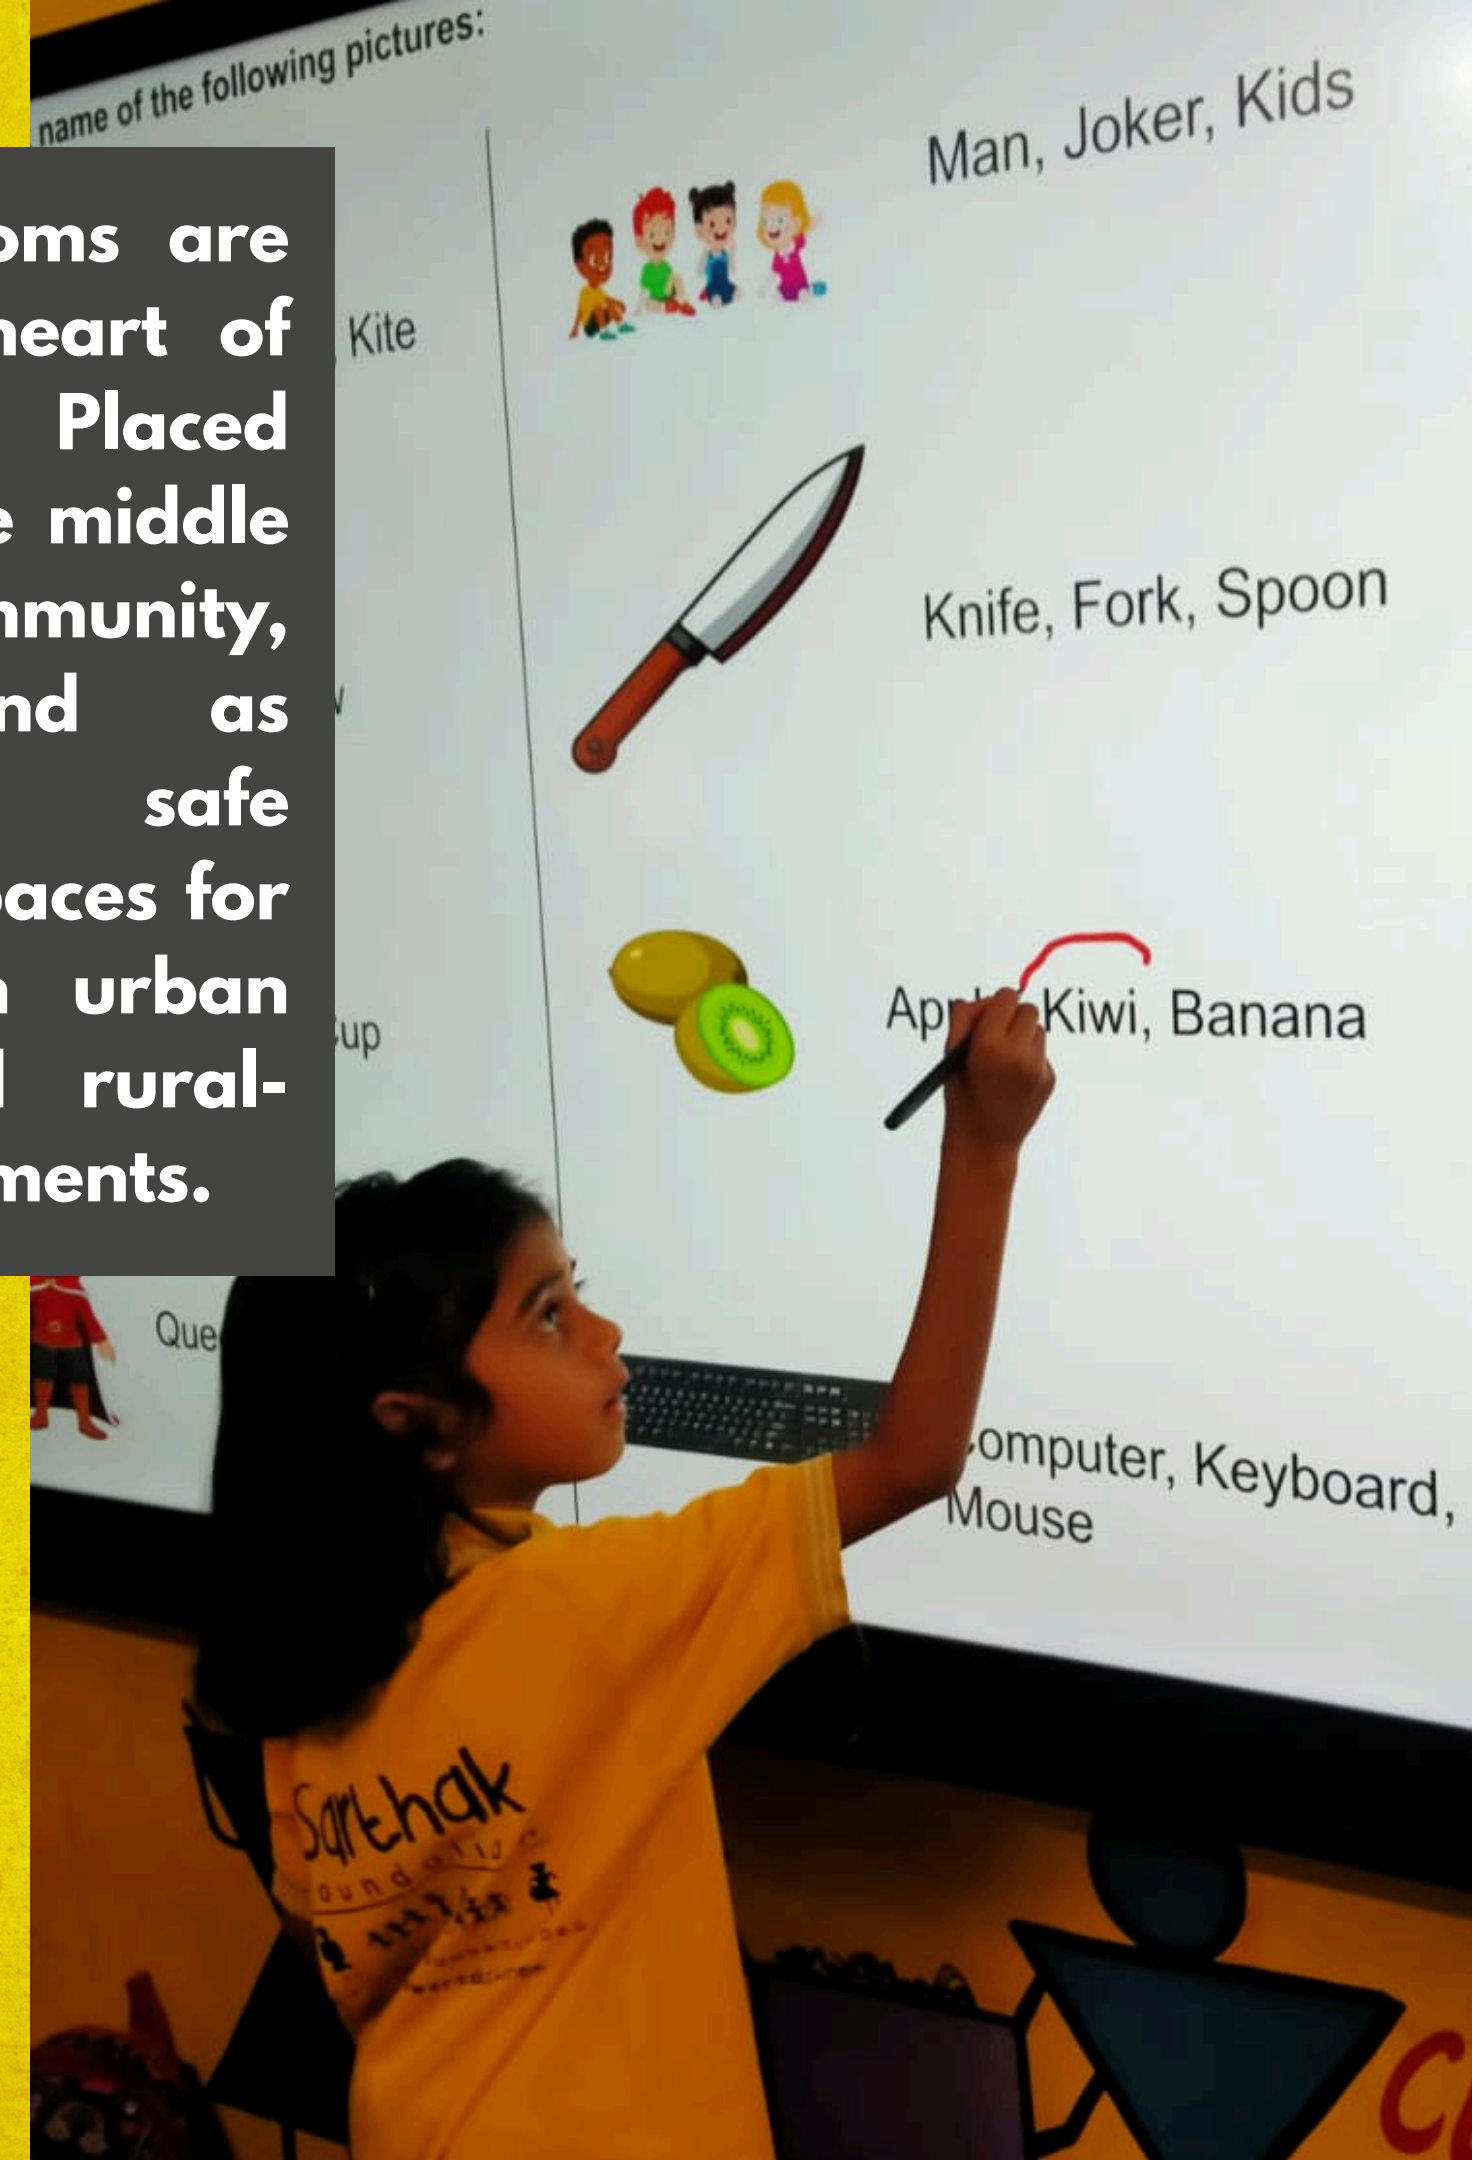

The Morimura Fund

This year, Yellow Rooms are facing a funding gap that needs bridge support.

Since Yellow Rooms never shut down we urgently need some gap funding to keep them running. Any contribution or connects will be a big help.

Yellow Rooms are the very heart of our work. Placed right in the middle of the community, they stand as permanent safe learning spaces for children in urban slums and rural-poor settlements.
